

Family Histories – Do It Yourself –

C.V. Starr Community Center

Sigrid & Harry Spath Aquatic Facility

Capture the stories of your own family using video or audio recording and a basic line of questions you can sit with your grandparents, or a aunt or uncle, and let their stories flow. Develop the interviewing skills to preserve memories that will cherish in years to come. Students must have access to a video camera or audio recorder and one of the free movie editing software packages, such as Movie Maker or iMovie.
