Each class is designed to bring people together for a total workout, combining all elements of fitness – cardio, muscle conditioning, balance and flexibility, boosted energy, and a serious dose of awesome! We take the “work” out of workout, by mixing low-intensity and high-intensity moves for an interval style dance fitness party. Once the Latin & World rhythms are over, you will see why Zumba® Fitness classes are often called exercise in disguise. Appropriate for all fitness levels. No experience necessary.

Senior Strength—Science tells us that the body begins to lose muscle mass after middle age unless we exercise the muscles. This class is designed to work the arms legs and core (the back and belly) muscles to keep them strong. Using elastic bands and hand weights, in both sitting and standing positions, (your instructor will help you find your personal level) we will move through the body challenging the muscles to work. Sometime will also be spent safely practicing balance and concentration as well.

Yoga Mixed—(For stronger yoga students) Class starts with 5 minutes of pranayama (yogic breathing practice to strengthen and relax). Then moves on to a high energy flow of movement combined with the appropriate breath, called Surya namaskar or sun salutations. This includes forward and backward bends, standing and balance poses all taught with attention to alignment of the body. We finish the hour with challenging core work and seated and restorative poses.

Classical Hatha Yoga— Incorporate meditation and breathing while building strength, flexibility, and balance. Alignment is taught so the body is balanced. Best suited for intermediate and advanced yoga students.
